

Dear Parents,

This is your fifth issue of the Grade 2 monthly homework helper. We hope it will guide you as you help and check your child's homework each night. Let us know if you have any questions.

The link for the Second Grade Portaportal is <http://guest.portaportal.com/ps108q2>

Thank you, The Second Grade Teachers ☺

## March Homework Helper

### Reading

 This month we will be revisiting how to summarize what we are reading. Listen to your child read any part of their books or reading passages aloud. For **nonfiction**, ask them to recall what the main idea is and what is most important about the book. For **fiction**, ask them to recall the characters, setting, problem, and solution. You may also discuss the main events of the story.

### Math

 This month we will begin to work on identifying and creating fractions. Remind your child that the top number of the fraction tells how many parts are colored and the bottom number tells how many parts in all. There are a couple of games on the Second Grade Portaportal under **Math on Fractions** for additional practice! We will also be beginning to work on using place value up to 1,000.

### Writing

☺ Please continue to have your child work on remembering their capitals and punctuation marks in their writing. It is important that they are capable of editing their own work. You can help by making sure they reread their writing out loud. You may also encourage them to use Bold Beginnings in their writing calendar assignments.
